

### **IMV to Provide Front-End Engineering & Design for KNOC in Northern Alberta, Canada**

**CALGARY, Alberta, March 27, 2008** — IMV Projects (“IMV”), part of international energy services company John Wood Group PLC (“Wood Group”), has been awarded a C\$4.5 million contract by Korea National Oil Corporation (“KNOC”) to provide front-end engineering and design (FEED) services for their 10,000 BOPD BlackGold steam-assisted gravity drainage (SAGD) facility to be built in Northern Alberta.

“We are very excited to be working with KNOC on their first Canadian heavy oil development,” said Ivan Velev, president of IMV. “We are looking forward to assisting them in realizing their goals and objectives in this new market.”

IMV recently completed FEED and engineering, procurement and construction management (EPCM) services for a similar project in Alberta’s Cold Lake Region in a time of 32 months from project kick-off to production start-up. IMV also served as prime construction contractor for the project, which was completed with 1.1 million man hours, in the field and office, with zero lost-time recordable incidents.

-end-

**Wood Group** is an international energy services company with \$4.4bn sales, employing 24,700 people worldwide and operating in 46 countries.

The Group has three businesses - Engineering & Production Facilities, Well Support, and Gas Turbine Services - providing a range of engineering, production support, maintenance management and industrial gas turbine overhaul and repair services to the oil & gas, and power generation industries worldwide.

**IMV**, founded in 1999 and headquartered in Calgary, Alberta, has operations in western and northern Canada, the Atlantic coast of Canada and the Middle East. IMV's core expertise is in engineering and construction management, and the company provides hands-on experience and proven expertise for conventional and in-situ steam-assisted heavy oil developments, including steam-assisted gravity drainage (SAGD), cyclic steam stimulation (CSS) and vapor extraction (VAPEX). IMV joined Wood Group in 2007. Web site: [www.imvprojects.com](http://www.imvprojects.com)
